ARTIST BIO

BCMA Female Vocalist of the Year nominee, NMG Americana Artist Of The Year nominee and multiple Country iTunes number 1 artist, Georgia Nevada, is one of the most exciting crossover voices in the UK's Country Rock scene.

Known for powerful vocals and lyrical storytelling, Nevada seamlessly blends Country, Rock and Blues. She has the ability to create a sound that is as captivating on stage as it is on a record - which is evident in the result of her debut album 'BackFire'. The album was followed by a debut headline tour resulting in 2x sold out shows.

Georgia's growing reputation has seen her tour with chart-topping Blues Rock duo 'When Rivers Meet' on their 20-date UK-wide tour, alongside supporting slots with the likes of Brave Rival and First Time Flyers. Her single, 'Pink Cadillac' made its debut on Planet Rock Radio, underlining her strong connection with the Rock community while maintaining deep roots in the Country scene.

She has also toured with US artists Britnee Kellogg ('The Road' with Keith Urban & Blake Shelton) and Nashville's Dan Smalley, bringing transatlantic credibility to her name. Georgia has performed at landmark venues including Islington Assembly Hall and The Glasshouse ICM, and remains a standout presence on the festival circuit - featuring a headline slot on the VIP Stage at Country Calling and In It Together Festival 2026, sharing a bill with Madness, Snow Patrol and Aitch.

With sold-out shows, global radio play and a rapidly expanding fanbase to her credit, Georgia Nevada has earned a strong reputation spanning both the UK's Country, Rock and Americana worlds.
